Dismissal  
Friday,  
October  
17th at  
12:05 for  
town kids,  
12:35 for  
country  
bus kids.**

## We had a blast at the Pumpkin Farm!

We had so much fun at Rogers' Pumpkin Farm! We rode the bus (some of us for the first time!!) to Lomax . We got off and started by learning that pumpkins have different names and colors. We looked at gourds, squash, and some kitty

cats. We walked back to the patch to see how pumpkins grow on a vine and start as flowers and turn to green pumpkins and finally orange. We walked back to see the bee hive that helps the pumpkins grow. We got to see a 'pumpkin zoo'.

We ran down the big hill and walked around to see the witch that hit the tree. Our class got to have cookies and a drink and then the best part— we picked out our own pumpkins! The patch was muddy, but it was a great trip to the pumpkin patch!
